8 June 1970

MEMORANDUM FOR: Chairman, TSG Career Panel

SUBJECT: Recruitment for FY 1972 Increase in TO

1. This memorandum is intended to clarify the APSD position on existing vacancies, anticipated vacancies and current recruitment activities.

25X1 2. The APSD has one vacancy in its current TO. This vacancy will be officially filled when [ ] graduates from RIT and comes aboard on 22 June 1970.

3. On 20 November 1968 the APSD, in anticipation [ ] scheduled for late 1970, requested that an increase in TO be approved in FY 71. This approval was rejected by higher authority. APSD then resubmitted (4 December 69) a request for additional personnel by FY 72. It is our understanding that this request has been approved by NPIC management, but we have not been notified that the DDI has given his blessing.

25X1

25X1 4. In the meantime, in anticipation of final approval of the FY 72 request, and because it appears that additional personnel will be needed by December 1970 several have been placed in process. This was done in consultation with the Executive Officer, TSG [ ] and the Personnel Officer [ ]

25X1

5. Currently, it appears that some of these prospective employees may be available before FY 72 and may not be willing to wait until July 1971 to come aboard. Furthermore, it takes six months to a year to train people before they become fully productive. It is therefore suggested that methods should be investigated to accommodate such individuals by bringing them aboard prior to FY 72. If this cannot be accomplished we may lose the opportunity of hiring individuals that cannot wait for employment. As everyone knows, photo scientists are difficult to find and recruit. But more important, [ ]
